CONSEIL D'ADMINISTRATION
Séance du 14/02/2023

DELIBERATION
n° CA 2023 - 25

*portant décision relative à la convention « Action spécifique d'accueil »
entre l'Université Toulouse Capitole (Faculté d'Informatique),
et la China University of Petroleum-Beijing en Chine (CUP)*

Vu le code de l'éducation,

Vu le décret n° 2022-1536 du 8 décembre 2022 portant création de l'Université Toulouse Capitole,

Vu les statuts de l'Université Toulouse Capitole, notamment l'article 14,

Vu l'avis du Conseil de la faculté d'Informatique en date du 29 novembre 2022,

Vu l'avis du Conseil des études et de la vie étudiante en date du 2 février 2023,

Article unique :

Le conseil d'administration, après en avoir délibéré, approuve la signature de l'accord-cadre et de la convention « Action spécifique d'accueil » entre l'Université Toulouse Capitole (Faculté d'Informatique) - Master MIAGE, « Année préparatoire Chine » et la China University of Petroleum-Beijing (CUP) en Chine, convention annexée à la présente délibération.

Le Président du conseil d'administration,

Hugues KENFACK

FICHE DE RENSEIGNEMENT RELATIVE A UN NOUVEL ETABLISSEMENT PARTENAIRE

Ce document vise à évaluer la qualité d'un nouveau partenaire dans le cadre d'une demande de convention. Il doit être renseigné par le porteur de projet. Les éléments indiqués seront pris en compte par le SCREI lorsque celui-ci émettra un avis sur l'université concernée.

► CONVENTION DE MOBILITE ETUDIANTE : CONDITIONS PREALABLES

- 1- Avoir consulté le catalogue de cours de l'université visée, la langue d'enseignement et l'accessibilité à ces cours pour les étudiants d'UT1
- 2- Doubles diplômes : s'assurer du montant des frais de scolarité exigés par l'université visée (le cas échéant)
- 3- S'assurer que le calendrier universitaire de l'université visée est compatible avec une mobilité
- 4- Avoir obtenu du partenaire une marque d'intérêt pour le projet de convention

► **NOM DU PORTEUR DE PROJET ET FACULTE D'ORIGINE** : ...Benoit Gaudou, Faculté d'Informatique.....

► **NOM DE L'ETABLISSEMENT PARTENAIRE VISE ET PAYS** : ...China University of Petroleum (CUP) ; Chine.....

► TYPE DE CONVENTION SOUHAITEE

☐ Accord-cadre de coopération internationale

(Attention : un accord-cadre doit être accompagné d'une convention d'application)

☐ Convention d'échange étudiants

☐ Convention de Double diplôme

☐ Convention de délocalisation

☒ Convention relative à une action spécifique d'accueil

► DISCIPLINE

☐ A.E.S. ☐ Droit ☐ Economie ☒ Informatique ☐ Management / gestion

► NIVEAU DE FORMATION

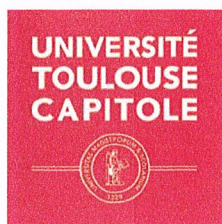

☒ Bachelor / Licence ☐ Master ☐ PhD / Doctorat ☐ Post-Doc

CONTACTS ETABLIS ET HISTORIQUE DE LA RELATION (visites du partenaire, participation à des colloques...) :

Dans le cadre de l'Année Préparatoire Chine (APC) de la Faculté d'Informatique, notre partenaire FormAsie a établi des contacts préliminaires avec l'université CUP afin de recruter de futurs étudiants pour le programme APC. L'an passé (2021-22), 2 étudiants du programme APC provenaient de cette université. Ils sont en passe de réussir brillamment leur année et d'intégrer le Master 1 IM de la Faculté d'Université en 2022-23. Cette réussite nous incite donc à pérenniser cette collaboration avec CUP.

OBJECTIFS DE LA FUTURE CONVENTION ET INTERET POUR UT CAPITOLE :

CUP fait parti des meilleures universités chinoises : elle est membre des universités du programme 211 ("211 Project") et du programme 985 ("985 project innovation platform for well-established disciplines"). Cette nouvelle convention permettra d'avoir d'avantages de candidats potentiels de très bonne qualité au programme APC, ce qui permettra d'augmenter la qualité et quantité des candidats et donc des étudiants du programme APC.

**MEMORANDUM OF UNDERSTANDING
BETWEEN
The UNIVERSITY OF TOULOUSE CAPITOLE (FRANCE)
and
CHINA UNIVERSITY OF PETROLEUM-BEIJING (CHINA)**

Université Toulouse Capitole (hereinafter referred to as "UT1"), located 2 Rue du Doyen-Gabriel-Marty, 31042 Toulouse Cedex 9, N° SIRET : 130 030 612 000 19, N° APE : 8542Z, and represented by its President, Mr. Hugues Kenfack

and

China University of Petroleum-Beijing (hereinafter referred to as "CUP"), located at 18 Fuxue Road, Changping District, Beijing 102249 and represented by its President, Mrs. WU Xiaolin.

In order to strengthen their co-operation and develop their exchanges, UT Capitole and CUP enter into the present agreement under the following terms:

1. Fields of co-operation

Co-operation between the two institutions contributes to their developing academic and cultural relations.

2. Aims of co-operation

- 1/ Promote student exchanges between both institutions;
- 2/ Facilitate the reception of students;
- 3/ Establish teaching faculty exchanges between both institutions for short and medium-length missions;
- 4/ Initiate exchange on a regular basis of documentation and scientific publications from both institutions;
- 5/ Enable development of common research programmes in the different centres and laboratories of UT Capitole and CUP

3. Research and teaching faculty exchanges

The home institution is in principle responsible for its researchers' or teachers' travel and living expenses. The host institution however agrees to facilitate visitors' reception and possibly accommodation.

4. Student exchanges

A Memorandum of Agreement for student exchanges to be reviewed annually specifies terms and number of students.

5. Protection of personal data

Each party to the memorandum of understanding is kept to the respect of the rules regarding the protection of personal data to which it has access for the purposes of the performance of the contract. These rules are derived from Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 and from Law No. 78-17 of 6 January 1978 on data processing, data files and individual liberties, and from the chapter VI of the fourth part of Chinese Civil Code on the right of privacy and the protection of personal data.

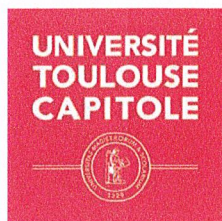

6. Length

The present agreement will become effective for a period of 2 years from the date of signature. It will terminate when either institution gives notice in writing, at least six months prior to the expiration date.

This Agreement is written in English. In two copies

AGREEMENT FOR A SPECIFIC HOSTING ACTION

**between China University of Petroleum-Beijing (CUP)
and the University of Toulouse Capitole (UT Capitole)**

BI-PARTITE AGREEMENT between:

China University of Petroleum-Beijing (CUP),

located at 18 Fuxue Road, Changping District, Beijing 102249 and represented by the President of CUP, Mrs. WU Xiaolin.

and

the University of Toulouse Capitole (UT Capitole),

located at 2 rue du Doyen-Gabriel-Marty, 31042 Toulouse Cedex 9, SIRET No. 130 030 612 000 19, APE No. 8542Z and represented by its President, M. KENFACK.

CUP students are selected for preparation to enable them to enter the programme described below (APC) in order to obtain a Master's degree recognised by the French state.

ART 1: THE EDUCATIONAL AND SCIENTIFIC MANAGERS OF THE PROJECT ARE:

For China University of Petroleum-Beijing, Mrs. YANG Wei, Director of International Office.

For the University of Toulouse Capitole, Mr. Benoit GAUDOU, Associate Professor of Information Technology.

ART 2: DESCRIPTION OF THE APC PROGRAMME

1- First year: YEAR OF LEARNING FRENCH AS A FOREIGN LANGUAGE (FLE)

The year of learning French takes place in Beijing and is intended for 4th year Chinese students. The objective is to train in French for those students who are motivated to pursue a Master's degree at the end of a preparatory year (APC) at UT Capitole. CUP is responsible for selecting a group of students with a good level in Economics and Management or Information Management. Students will be pre-admitted after UT Capitole's review of the application.

Admission requirements for UT Capitole – preparatory year

- Students must attend the “French as a Foreign Language” courses in Beijing for a volume of 500 hours of teaching.
- Students must achieve a minimum grade of B1 on the TEF or TCF language tests.
- In the second semester, each student is interviewed individually by a jury composed of two professors from UT Capitole and a lecturer in Beijing. The aim of the interview is to assess the student's abilities and motivation for coming to study for a Master 1 at UT Capitole. This interview will ultimately decide whether the student is admitted to register for the preparatory year for entry into the Master's programme at the start of the following academic year.

2- Second year: CHINA PREPARATORY YEAR (APC), at the Information Technology Faculty of UT Capitole

This China Preparatory Year (APC) is designed to ready students for Master 1 “*MIAGE Parcours Ingénierie Métier*” (IT methods applied to management – M1 MIAGE-IM). This programme takes place over one year, at the Information Technology Faculty of UT Capitole.

A large volume of specific courses is given exclusively to Chinese students, in small groups, in order to provide them with the methods of reasoning, written and oral techniques, additional training, and the vocabulary necessary for completing the MIAGE-IM Master 1. Details of the courses are presented in the appendix of the agreement.

In addition to the 600 hours of teaching, the course includes visits to Toulouse and regional companies, with opportunities for sports and cultural activities and to explore French culture and the Occitanie region.

Calendar: The preparatory year begins in September and ends on June 30.

Exams: Exams can hold all along the year.

A training certificate with a transcript of grades will be given to each student, after the decision of the APC jury, at the end of June.

3- Third year: Master 1, at the Information Technology Faculty of UT Capitole

Depending on the Bachelor's degree obtained in China and the results of the exams in Toulouse, each student whose average grade per semester is higher than 10, will be admitted to Master 1 «Miage Parcours Ingénierie Métier» by the equivalence commission for the following year.

4- Fourth year: Master 2, at the Information Technology Faculty of UT Capitole

Students will benefit from the same financial conditions as French students during this Master's programme and the following year. Admission to the Master 2 *MIAGE IPM and ISIAD* course will be the same as for French students.

- Master 2 MIAGE IPM course: *Ingénierie des Processus Métiers* (Business Process Engineering)
- Master 2 MIAGE ISIAD course: Information Systems Engineering and decision support

Students who have not passed the exams will have to retake the exam or retake the course until passing the exams. They will be charged the same fee with the French students.

After the APC year, students can apply individually for other courses at the University of Toulouse Capitole.

The website "<http://www.ut-capitole.fr>" details the programmes of the two Master's programmes, IPM and ISIAD.

ART 3: PROTECTION OF PERSONAL DATA

Each party to the agreement is kept to the respect of the rules regarding the protection of personal data to which it has access for the purposes of the performance of the contract. These rules are derived from Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 and from Law No. 78-17 of 6 January 1978 on data processing, data files and individual liberties, and from the chapter VI of the fourth part of Chinese Civil Code on the right of privacy and the protection of personal data.

ART 4: UNDERTAKINGS OF EACH PARTY

This agreement is written in English in two copies. It is accepted by both parties for a period of 2 years with effect from the date of its signature unless one of the parties gives at least one year's notice of termination.

1- UT Capitole (Information Technology Faculty) undertakes:

- to ensure the full execution of this project and provide students with teaching in accordance with the APC syllabus description;

- that the cost of the APC preparatory courses offered at UT Capitole shall be 4100 (four thousand and one hundred) euros per student, which covers only the annual registration fee for an APC student, including the 600 hours of classes, social security and cultural activities of the programme;
- that, in accordance with the decree of 19 April 2019, hosted students may be exempted from differentiated fees in the context of this agreement. However, students must pay the standard registration fees.
- to host a group of about 20 students each year. Below 18 students, the programme may be suspended;
- to participate in the selection committee under the conditions defined above;
- to award the diploma and university degree to all students who have followed the educational programmes in accordance with the rules in force and who have passed the related examinations. The Master's degrees awarded by UT Capitole in *Information Technology - MIAGE* are national diplomas recognized by the French Ministry of Education and therefore by the Chinese government;
- to participate in the development of training programmes for the FLE year at Beijing and in selection missions;
- to inform Campus France in Beijing about the implementation of this programme in order to facilitate the issue of visas.

2- CUP (International Office) undertakes:

- to preselect a group of students, preparing for the BENKE certificate (4 years of higher education), in the 4th year of the economics-management specialisation or information management, or already graduated from the BENKE;
- to organise a continuous knowledge assessment on a regular basis.

Appendix

«Année Préparatoire Chine» - Detailed program

Hereafter, the details of the courses of the pre-Master year APC-MIAGE. During that year, students will study for 600 hours at first French, Information Systems and Technology, and Statistics.

First semester

14 weeks (September – beginning of January)

Courses	Average hours per week	Total
Writing in French	7,5	100
Speaking in French	3	50
English	1,5	30
Personal Project (CV, introducing letters...)	1	15
Programming (Java)	3	45
Information Technology and Information Systems Modelling	2,5	35
Statistics	3	45
Corporate Management	2	25
<i>Total</i>	23,5	345

Second semester

14 weeks (mid January – mid May)

Courses	Average hours per week	Total
Writing in French	7,5	100
Speaking in French	3	50
English	1,5	30
Personal Project (writing a report, ...)	2	30
Database Modelling	4	45
Information Systems Analysis	3	45
<i>Total</i>	21	315
