## Page 2: To be completed before your mobility

To complete the form, you must look at the courses you would have taken at TSM and find the equivalent courses at the partner university.

- ❖ Find out about the content of the TSM program, which you can find on the TSM website under the "Programs" menu, select your program, and consult the "Program" section.  
"Program." If you need any further information, please do not hesitate to contact the administrative manager for the relevant degree program.
- ❖ Consult our destination map, select your destination of choice to access the course catalog (which you will need to use to find course equivalents).

For mobility outside Europe, you must indicate four compulsory courses with an optional language course (ECTS do not apply). You can take one optional language course per semester, which must be your fifth course.

When choosing your courses, you must comply with the rules of the partner university. Either it provides a catalog of courses dedicated to exchange students, or it opens up all of its courses. Pay close attention to the level of access to courses and the prerequisites required.
