3 CAMPUSES AT THE HEART OF THE OCCITANIE AREA

Toulouse Capitole University has a campus in the heart of Toulouse, spread over three sites steeped in history, and extends into the Occitanie region in the balanced university towns of Rodez and Montauban.

These three campuses include seven members :

- On Toulouse's campus : Toulouse School of Economics - TSE, Sciences Po Toulouse, École de droit de Toulouse, Toulouse School of Management - TSM, Faculté d'administration & communication, Faculté d'informatique
- On Rodez's campus : l'IUT
- The Montauban campus is home to students in law, art and students preparing for careers in teaching and education, health and social work.

Engaged on its area, Toulouse Capitole University evolves in synergy with its partners (Toulouse university campus, local authorities, socio-economic and cultural circles, etc.) through its missions and projects. It invests in a important way in its built heritage to provide a working and learning environment matching its ambitions. Each year, improvement and transformation works of the campuses are engaged.

Toulouse Capitole University offers students modern, high-performance communications resources, innovative teaching and learning spaces (Teaching and Learning Lab, ENGAGE. EU Lab...), university libraries, a wide range of food services (Resto U', cafeterias, solidarity grocery store), a lot of sports activities, a rich cultural programmation and a dynamic associative student life.
