DESCRIPTION

The program focuses mainly on the study of the World Trade Organization, of the European Union in an economic perspective and of international economic development. The Master/LL.M. IEL also aims at providing students with some basic knowledge of international law, contracts and market regulation.

Semesters 1 and 2 aim at giving students a thorough knowledge of the private and public aspects of international and European legal issues. The programme offers a comparative perspective, focuses on methodology with a view to providing the students with the tools needed to hold positions as lawyers in an international and European context.

Semesters 3 and 4 aim at giving students a thorough knowledge of international economic legal issues. According to the French grading system, the master's degree is a national diploma recognised in the European Union countries and which is equivalent to a Legum Magister (LL.M.).

The two semesters are composed of mandatory courses.

Two tracks are available: The Research track and the Professional track.

Students opting for the Research track must write a master's thesis. When the programme is successfully completed, students who have chosen this track may apply for a PhD.

Students opting for the Professional track must do an internship (minimum 2 months eq. 308 hrs) and write a report.
